Belgian vision.  
Partnership  
of excellence.

**ROHM**  
EYEWEAR SINCE 1946

Dear Partner,

For 80 years, Röhm has represented German excellence in eyewear. Today, we're excited to introduce our Partner Program in Belgium, created especially for independent opticians who share our commitment to quality.

This lookbook showcases our diverse brands—a blend of time-honored craftsmanship and continuous innovation. Every collection tells its own story of precision, thoughtful design, and lasting quality.

Our partnership program offers more than just products: competitive margins, comprehensive marketing support, and exceptional after-sales service.

We're eager to build a long-lasting and mutually rewarding partnership with you.

Welcome to the Röhm family.

Dorina Röhm,  
Managing Director

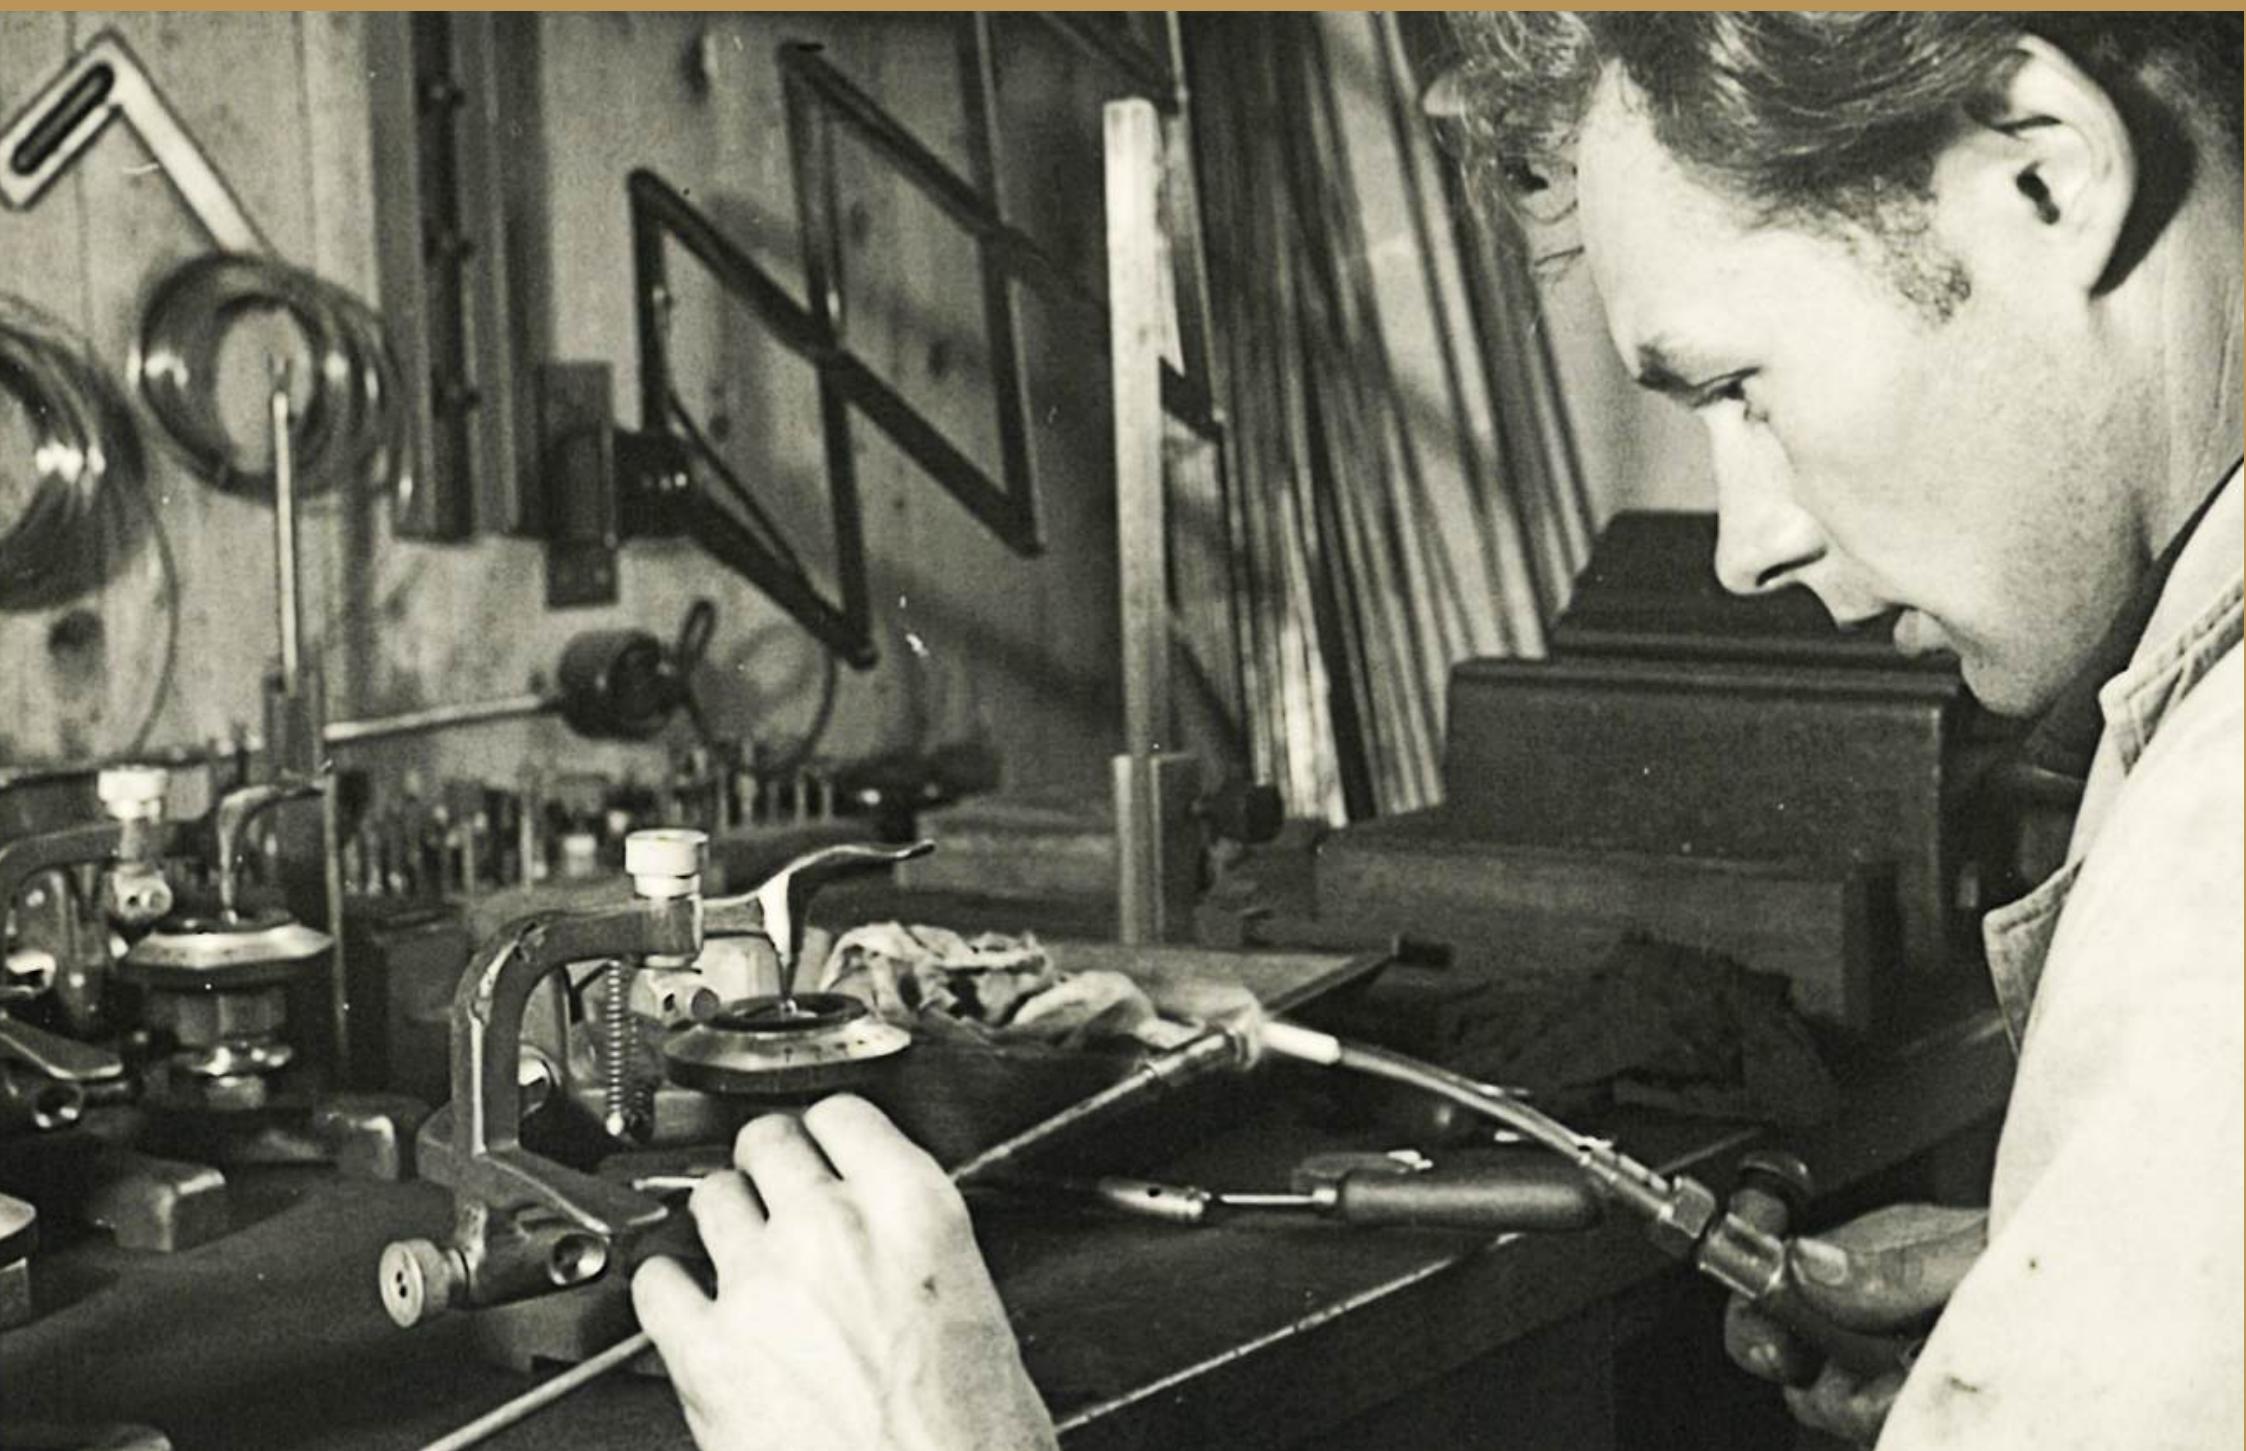

Valentina Röhm,  
Jr Managing Director

# Our Story

Since 1946, Röhm has embodied German precision in eyewear. Our company, founded by Georg Röhm in Leonberg, Germany, built its reputation on three unwavering principles: exceptional quality, meticulous craftsmanship, and absolute reliability.

For 80 years and across four generations, the Röhm family has maintained these values while continuously innovating: create "optimal frames for every customer and their specific needs"—a mission we uphold today.

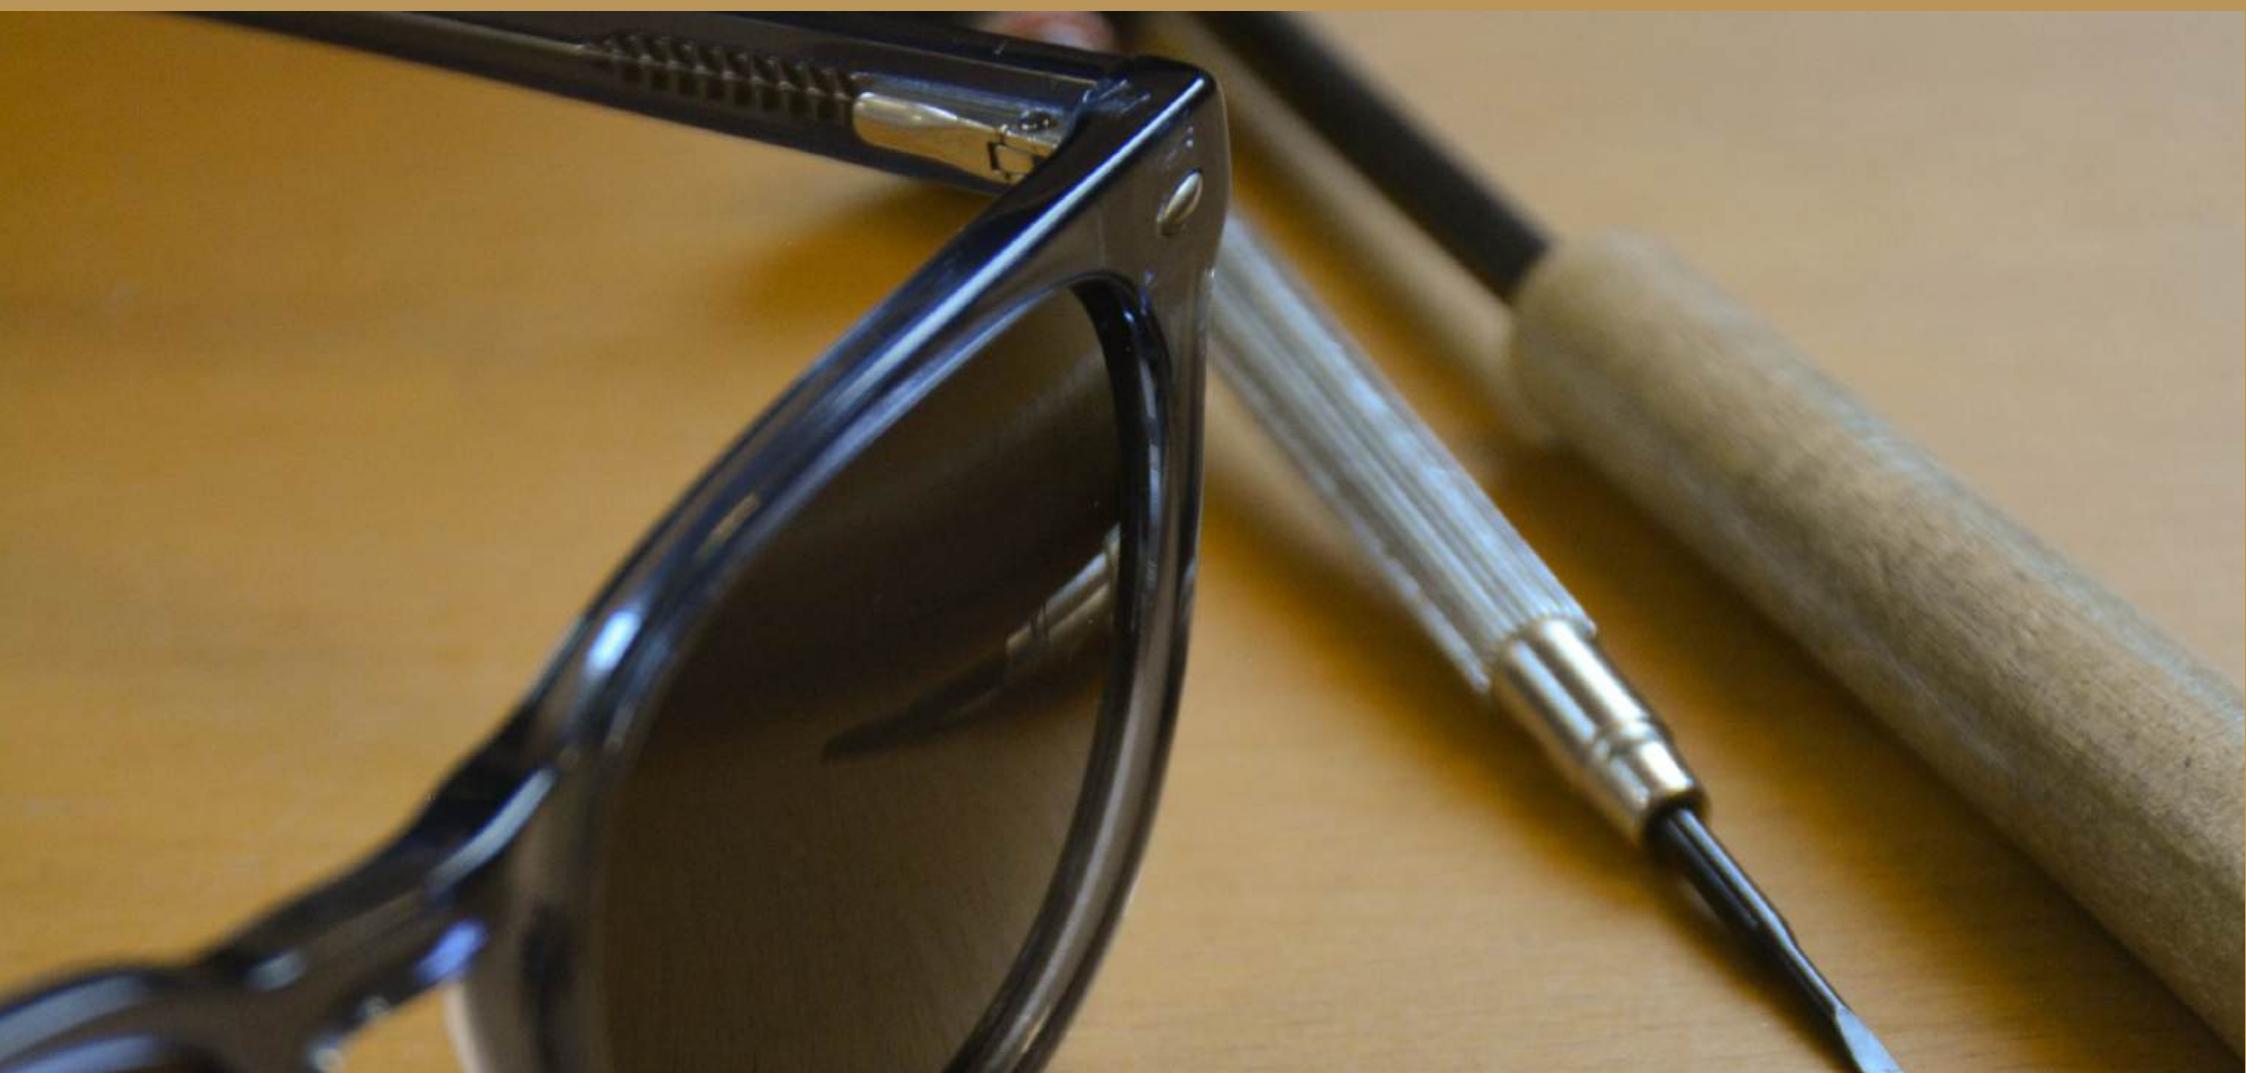

# Design Made in Germany

Every model is an original creation, passionately designed to combine innovation and style. We use premium European materials such as Italian acetate and German spring hinges—ensuring exceptional quality and aesthetics.

From classic elegance to modern trends, our diverse collections offer the perfect sunglasses or optical frames for every style.

## Premium Materials

Our frames are crafted from high-quality materials: acetate, eco-acetate, titanium, aluminum, ultem, and stainless steel, delivering comfort, lightness, and durability.

# Our Story

Today, led by Dorina Röhm and fourth-generation Valentina Röhm, we honor our heritage while embracing innovation. We create timeless eyewear with exceptional value.

Since 1946 Röhm has stood for quality, reliability and trust.

# Blue Matr'xx
